

**JJIS WEB Release  
Electronic Educational Exit Plan 1.0  
JJIS WEB APPLICATION  
July 11, 2014**

**\*\*\*\*\* Electronic Educational Exit Plan (EEEP)**

- Electronic Educational Exit Plan Module (new system) is intended to be used in the transition planning of all youth returning to their communities from commitment facilities.

A screenshot of a web browser window showing the login page for the Department of Juvenile Justice. The browser's address bar is empty, and the menu bar shows 'File', 'Edit', 'View', 'Favorites', 'Tools', and 'Help'. On the left side, there are four blue hyperlinks: 'Training Server', 'QT Server', 'Friends of JJ Response', and 'Detention Cost Sharing'. The main content area features the title 'Department of Juvenile Justice System Login' in blue text, centered above a gold Florida Department of Juvenile Justice star logo. Below the logo, there is a red warning message: 'JJIS information is confidential. Users are required by law to maintain this confidentiality and use the information only for Department of Juvenile Justice approved purposes. Failure to follow these restrictions may result in civil or criminal penalties. Additional information is available on the DJJ website at: http://www.djj.state.fl.us/partners/data-integrity-jjis/access-agreements-policies'. At the bottom, there is a login form with three fields: 'User Name: \*', 'Password: \*', and 'System: \*'. The 'System' dropdown menu is open, showing a list of options: Alerts, CCC, Electronic Educational Exit Plan, JJIS, JJIS2005, OHS EMR Module, Prevention Web, RSMS, and SVS. A white callout box with a black border and a pointer to the 'Electronic Educational Exit Plan' option contains the text: 'Click on the "Electronic Educational Exit Plan" option in the dropdown.'
