

**JJIS WEB Release 5.02  
JJIS WEB APPLICATION  
October 03, 2014**

**\*\*\*\*\* Non-Secure Transition from Low & Moderate Risk Placement:**

Modified all modules with sub-components of Low and Moderate Risk to accommodate the new sub-component Non-Secure, which replaces Low and Moderate Risk throughout the system. The following screens/module/reports are impacted and reflect the new sub-component:

- Charge Disposition screen
- Facility module
- PACT PDR Webform
- Conference Summary – Probation
- Conference Summary – Commitment
- Waiting module
- Bed Management Reports
- Youth Placement – History
- Youth Placement – Facility
- Youth Release
- Detention Cost Share
- Youth Facesheet
- Critical Alerts Reports and module
- IT Management Reports
- RPACT Management Reports
- JPO Special Reports

**\*\*\*\*\* JJIS Enhancements/Fixes**

1. Alerts Report module – Corrected inconsistency of date range results on reports.
2. PACT Post-Disopistion Report – Corrected how graph displays data received from Assessment.com on the report.
3. Human Trafficking Alert – Created 3 new Human Trafficking alerts: ICJ Human Trafficking, Labor Trafficking Possible, and Labor Trafficking Verified.
4. Charge screen - legal representation – Modified screen to auto-populate legal representattion info on any additional charges, on same referral.
5. Teen Court Disposition – Corrected the issue of Teen Court disposition for Broward County not saving.
