II. STANDARDS/PROCEDURES

A. Voluntary Separations:

1. Employees who are resigning, retiring (normal/early), or retiring prior to their DROP termination date shall notify their supervisor, in writing, two weeks in advance of the effective date. Should the supervisor receive a verbal resignation, the supervisor should document, in writing, the conversation with the date, time, effective date for the resignation, and whether it was accepted.

2. Employees who are resigning on their DROP termination date, do not need to provide a letter of resignation. The employee shall notify their supervisor two weeks in advance of the DROP termination date.

3. Unless the resigning employee is under investigation or has pending disciplinary action against them, the supervisor shall immediately accept the employee’s resignation in writing by using the Separation Acknowledgement Letter (Attachment 2) or indicating acceptance of the resignation on the letter submitted by the employee. A copy of the fully executed acceptance will be provided to the employee upon receipt of the employee resignation. For those employees who offer their resignation while under investigation or while disciplinary action is pending against them, a supervisor may only accept the resignation after consultation with the Office of General Counsel and approval of the appropriate Regional Director or Headquarters Administrator.

4. Supervisors should reference the PAR Checklist (regional/headquarters) and work with their respective Human Resources (HR) Liaison when processing an employee separation.

5. Supervisors shall complete the notice of the employee’s separation in the Separation Notification System (SNS).

2. The supervisor shall notify the BOHR of the number of hours worked in the pay period the death occurred, contact name, and telephone number of the next of kin.

E. Separations Due to a Layoff:

1. All separation PARs due to layoff shall be processed by the BOHR.

F. Processing an Employee Separation in the People First System (PF):

1. It is important to separate an employee in the People First System during the pay period of the employee’s last day with the agency to avoid salary overpayment.

2. Supervisors must ensure the last day worked reflected on the PAR is the exact date identified pursuant to the letter of separation.

3. Separation PARs must be completed before the final timesheet can submitted and approved.

4. Both the supervisor and employee must ensure the time worked is accurate and has been submitted and approved in the People First System.

5. Supervisors should not initiate a PAR to separate an employee when the employee’s movement is from one program area or facility to another within the Department. The receiving supervisor should initiate the PAR moving the employee to the new unit/program/facility.

6. It should be noted that “Acted Upon” and “Completed” are two different actions and both are required when processing a PAR.

7. If after following the listed instructions, the employee is not separated, the supervisor/manager/HR liaison must contact the Bureau of Human Resources who will work with the People First Service Center to complete the process. It is important that supervisors do not create a second PAR.
