### SECTION IV. STATE ATTORNEY REVIEW/DECISION

If a screener believes a youth who is eligible for detention based upon the results of the risk assessment instrument should be released, or placed in supervised release program, the state attorney must be contacted to approve the release. If the screener has factual reasons to believe a youth that does not otherwise score for a detention status (supervised release or secure detention) should be placed on a detention status, the state attorney must be consulted to gain agreement with the elevated supervision status. The youth’s supervision status can only be modified (up or down) one supervision category. The screener must document the justification for the recommendation in the narrative section.
